

Patent No.

US 7,263,887 B2

George M. Sfeir

INVENTOR

UNITED STATES PATENT

The Commissioner of Patents and Trademarks has received an application for a new and useful invention. The requirements of law have been complied with, and it has been determined that a patent on the invention, known as

**METHOD FOR INSPECTION OF METAL
TUBULAR GOODS**

shall be granted under the laws of the United States of America. Therefore, this United States Patent grants to the person or persons having title to this patent the right to exclude others from making, using, or selling the invention throughout the United States of America for the term of the patent.

September 4, 2007

Date of Issue

A handwritten signature in black ink, appearing to read "James W. I. Dudas".

Director of the USPTO
